INTEGRATED INFRASTRUCTURE SOLUTIONS FOR A BETTER TOMORROW

ABOUT US

Suvarna Infrateck is a well-established and trusted name in MEP & Civil construction, with decades of successful execution experience across India. We deliver complex and challenging projects with a strong focus on quality, safety, timely execution and customer satisfaction. Our expertise spans government, public sector and private sector projects, making us a preferred partner for mission-critical and large-scale infrastructure developments.

With a team of experienced professionals, robust project management practices and a commitment to innovation and sustainability, we create long-term value for our clients, communities and the nation.

OUR VISION

To be a leading infrastructure company, recognized for quality, innovation and sustainable development.

OUR MISSION

To deliver world-class MEP & Civil solutions that create long-term value for our clients, communities and nation, through people, technology and excellence.

OUR VALUES

Integrity | Quality | Safety | Innovation
Teamwork | Customer Focus | Sustainability

OUR CORE COMPETENCIES

END-TO-END SOLUTIONS UNDER ONE ROOF

Electrical Systems

- HT / LT Systems
- Power Distribution
- Transformers & RMU
- Bus Ducts
- Lighting & ELV Systems
- Testing & Commissioning

HVAC Systems

- Chilled Water Systems
- VRF / VRV Systems
- AHU, FCU & FAHU
- Ventilation Systems
- Clean Room HVAC
- Testing & Commissioning

Plumbing & Fire Fighting

- Water Supply & Drainage
- Fire Hydrant & Sprinkler
- Fire Alarm Systems
- STP, WTP, ETP
- Gas Piping Systems
- Testing & Commissioning

ELV, BMS & Building Automation

- Data & Communication
- CCTV & Access Control
- PA / Public Address System
- BMS & Energy Management
- Integrated IBMS Solutions
- Smart Building Systems

Civil Construction & Structural Works

- Industrial Buildings
- Commercial Buildings
- Institutional Buildings
- Architectural Finishes
- MEP Civil Interface
- Turnkey Execution

Design, Engineering & Project Management

- Concept & Detailed Design
- Value Engineering
- Cost Optimization
- Planning & Scheduling
- Project Management
- Operation & Maintenance Support

OUR KEY SECTORS

BUILDING FUTURE-READY INFRASTRUCTURE ACROSS INDUSTRIES

DATA CENTERS & IT INFRASTRUCTURE

COMMERCIAL & INSTITUTIONAL BUILDINGS

INDUSTRIAL & PROCESS FACILITIES

RAIL & METRO INFRASTRUCTURE

GOVERNMENT & PUBLIC SECTOR PROJECTS

WHY CHOOSE SUVARNA INFRATECK

A TRUSTED PARTNER FOR COMPLEX AND MISSION-CRITICAL PROJECTS

Experienced Leadership Team

A team of seasoned professionals with decades of industry expertise.

End-to-End Turnkey Solutions

From design to execution, testing and commissioning under one roof.

Strong Safety Culture

Zero compromise on safety, quality and statutory compliance.

On-Time Project Delivery

Proven track record of delivering projects within time and budget.

Cost Optimization & Value Engineering

Innovative solutions that enhance value and ensure long-term efficiency.

Long-Term Client Relationships

Built on trust, performance and consistent delivery excellence.

SELECTED PROJECTS & CAPABILITIES

PROVEN EXPERTISE | DIVERSE SECTORS | COMPLEX PROJECTS

DATA CENTERS

End-to-end MEP execution with mission-critical infrastructure, high availability and energy efficiency.

COMMERCIAL & INSTITUTIONAL BUILDINGS

Office spaces, IT parks, corporate campuses and mixed-use developments.

INDUSTRIAL & PROCESS FACILITIES

Manufacturing plants, process industries and factory infrastructure.

RAIL & METRO PROJECTS

Stations, depots and allied infrastructure works.

GOVERNMENT & PUBLIC SECTOR PROJECTS

Institutions, research centers and public infrastructure.

INSTITUTIONAL & HOSPITALITY

Educational, healthcare and hospitality facilities.

OUR CAPABILITIES

COMPLETE MEP & CIVIL SOLUTIONS ACROSS THE PROJECT LIFECYCLE

DESIGN & ENGINEERING

- Concept & Detailed Design
- Value Engineering
- BIM Coordination
- MEP System Design
- Energy Efficient Solutions

PROCUREMENT & SUPPLY CHAIN

- Vendor Development
- Material Procurement
- Quality Assurance
- Logistics & Delivery
- Cost Optimization

CONSTRUCTION & EXECUTION

- Civil, Electrical, HVAC, Plumbing & Fire Fighting
- Skilled Manpower
- Project Planning & Control
- Integrated Execution
- Quality & Safety Management

TESTING & COMMISSIONING

- System Testing
- Pre-Commissioning
- Commissioning
- Performance Validation
- Client Handover

OPERATION & MAINTENANCE

- Annual Maintenance Contracts (AMC)
- Facility Management
- Retrofit & Upgradation
- Lifecycle Support
- Energy Management

OUR ESTEEMED CLIENTS

TRUSTED BY LEADING GOVERNMENT, INSTITUTIONS AND PRIVATE ORGANIZATIONS

IISc | ISRO | MES | BMRCL | BESCOM | MRPL

KPCL | Raman Research Institute | Kempegowda International Airport Bengaluru | BESCOM

and many more...

DECADES OF EXECUTION EXCELLENCE

COMMUNITIES

OUR COMMITMENT TO A SUSTAINABLE TOMORROW

We integrate sustainable practices, energy-efficient technologies and innovative solutions to create infrastructure that is resilient, responsible and future-ready.

Energy Efficiency
Optimizing resources for a lower carbon footprint

Green Buildings
Sustainable designs for healthier and smarter spaces

Resource Optimization
Efficient use of materials and energy

Sustainable Communities
Building inclusive and future-ready communities

SAFETY | QUALITY | PEOPLE | ENVIRONMENT

SAFETY
A zero-harm workplace for people and assets.

- Strict safety protocols
- Regular training & audits
- Compliance with global standards

QUALITY
Commitment to the highest standards in execution.

- Robust quality control
- Adherence to codes and standards
- Continuous improvement

PEOPLE
Our people are our greatest strength.

- Skilled and experienced team
- Continuous learning and development
- Collaborative work culture

ENVIRONMENT
Building responsibly for a greener future.

- Energy-efficient solutions
- Waste minimization
- Sustainable construction practices
- Support for green buildings

OUR LONG-TERM GOALS

EXPAND CAPABILITIES
To take on larger and more complex projects

DRIVE INNOVATION
Adopt advanced technologies and digital solutions

ENHANCE SUSTAINABILITY
Deliver projects that create long-term environmental value

STRENGTHEN COMMUNITIES
Contribute to social and economic development

BUILD LASTING PARTNERSHIPS
Work with clients, partners and stakeholders for a better tomorrow
